

# CAPABILITY STATEMENT

Cage Code: 92WL9  
UEI: H8FPQXJB96B8  
DUNS: 020439470

Our mission is to reinvent how manufacturing should be done to solve our customers' problems while providing an excellent customer experience built upon accuracy, timeliness, and attention to detail.

With our aim to be a staple in American manufacturing, our vision is to continuously evolve our capabilities and processes to meet the ever-changing needs of the precision manufacturing industry.

## COMPANY OVERVIEW

Halcyon Manufacturing, Inc is a minority owned small business located in San Jose, California that proudly provides quality manufacturing services from single to large volume production runs. We are dedicated to serving our customers through honesty, integrity, and quality.

## PAST PERFORMANCES

### Google

Phil Brylowski, Senior Prototype Lead

### Electric Hydrogen

Anthony Do, Procurement Operations Analyst

### Sierra Space

Scott Harris, Supplier Program Mgr. II

### Fictiv

Sara Swanson, Supplier Development Engineer

Halcyon Manufacturing, Inc.

633 Giguere Ct

San Jose, Ca 95133

## CORE COMPETENCIES

We provide innovative solutions for advanced manufacturing through precision machining, precision sheet metal fabrication, welding, assemblies, and finishing processes. We offer quick turn prototyping for low volume production and statistical process controlled high volume production runs.

### Core Services

- CNC Milling
- Multi-Axis (4&5) Milling
- Precision Turning
- Multi-Axis (7) Mill/Turn
- CMM Inspection Report
- First Article Inspection Report
- APQP & PPAP

### Additional Services

- Sheet Metal Forming
- Welding & Fabrication
- EDM (Wire/Sinker)
- Non Destructive Testing
- Plating
- Heat Treating
- Assembly

## DIFFERENTIATORS

**ITAR**  
REGISTERED

**A59100**  
REVISION D  
CERTIFICATE #95122546

ISO 9001:2015

Our team's combined experience of over 50 years in manufacturing in the semiconductor, aerospace, defense, and medical industry allows us to analyze your product/end goal and provide the best methods/solutions for optimized manufacturability to produce quality products while being efficient to cut manufacturing cost. Our beliefs in standardization allows us to operate quickly and effectively. Our commitment to being process-oriented ensures the repeatability and reliability of our work.
